Colorado Rural Workforce Consortium Free Career Coaching

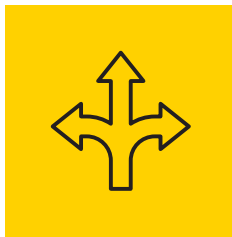

Career Coaching

Our trained, professional career coaches offer many resources to help you find your next job. One that aligns with your interests, skills, and abilities, and also helps you meet your professional goals. As career coaches, we are here to help you in your career transition, advancement and/or planning your journey towards a fulfilling job and career. **Our goal is your success.** Free career coaching by our trained professionals is available virtually or in person at our local workforce centers.

A Career Coach can:

Provide you with **ACCESS** to essential tools, resources and career assessments to help you navigate and advance your career successfully.

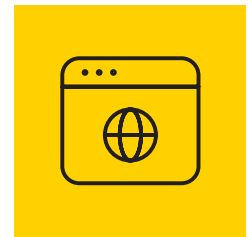

Assist you with tools and labor market information to **EXPLORE** a variety of career opportunities and effectively plan your career path.

Offer tools and resources such, as resume and interview workshops, to **PREPARE** you to achieve your career and education goals.

Help you to **LEARN** and acquire the skills and credentials that meet employers' needs through eligible training opportunities.

CONNECT you with a wide range of services, job fairs and hiring events that can lead to a fulfilling career.

Veterans receive priority of service.
