Professional Career Coaching - At Your Convenience

● Access

· A Career Coach can provide you with ACCESS to a collection of tools and resources that can be used to navigate careers and make connections to meaningful employment opportunities.

● Explore

· They can help you with tools to EXPLORE a variety of career opportunities to inform and plan job/career options. Assessments, career options, and labor market information can open your eyes to a new adventure, help inform you of what a job consists of, wage information and what kind of education it takes for different career pathways.

● Prepare

· We offer tools and resources in an effort to PREPARE you to reach your career and/or education goals including resume review.

● Learn

· We provide opportunities for you to LEARN and acquire the skills and credentials that meet employers' needs.

● Connect

· We can CONNECT you with one or more of the many services that lead to a fulfilling career. We want to learn about your goals and help connect you to employment opportunities.
